D. Season:

Unless otherwise specified, all references to season within these rules refer to the regular outdoor season, normally running between September and July of the following year, and played as two half seasons. The terms season and annual are somewhat interchangeable.

2. Divisions

Divisions in which teams will compete will be established yearly by the Executive Committee and presented to the General Body at the August meeting. Competition will be arranged to match the level of skill and geographic convenience. When possible, the two teams finishing a season at the top of a division will be promoted to the next higher division, and the two teams finishing at the bottom of a division will be relegated to the next lower division. When the final placings in the division include a playoff format as stated in CH. VII. 1. D, then the positions determined by the playoff system will override the positions at the end of the regular season. New clubs entering the league will be placed in the lowest division unless other eligible clubs decline to move up in division. The Screening Committee will review all applications for membership for divisional placement. Established clubs from another established league may enter the LISFL in a higher division other than the lowest division, by payment of a placement fee. (Format to be determined by the Executive Board.)

3. Club Withdrawal

A. If a club should withdraw one or more of its teams from the league during the current season, such club shall be fined for games not played. Games scheduled within the first 15 days of notice of intent to withdraw shall be fined as forfeits per Chapter VII. 2. E. All remaining games not played will be fined as listed in Chapter X.

B. If a club should withdraw from our league during the current season, all monies due to the league shall be deducted from any available bonds, and the balance (if any) of such bonds shall be returned to the club. All outstanding balances shall be prorated amongst the club's players, and must be paid on an individual player basis when such player re-enters any affiliated league.

C. Clubs which have previously withdrawn from this league may be re-admitted to membership by majority vote at any general meeting. All outstanding balances, fees, and bonds must be paid in full and the General Membership may set additional bonds as a condition of re-admittance.

D. Any club having once withdrawn a team in the current season shall post in each subsequent year increased team annual bond(s) as listed in Chapter X.

E. A club having withdrawn a team in consecutive seasons shall not be permitted to participate in that division in league play for a period listed in Chapter X.

4. Inactive Club

A club may maintain membership in this league without entering any teams for a maximum period of two consecutive seasons. The club must pay the full club annual membership fee for such seasons at the start of each season and shall receive **ONE** vote at only the Annual Meeting.

5. Entrance Requirements for New Clubs

A. Membership Application:

Applications for membership must be accompanied by a list of club officers, club colors, field name and directions, and league application fee as listed in Chapter X. This fee is non-refundable, but upon acceptance into the league, will be credited to the club's account.

B. Applications Procedure:

All applications for membership should be made prior to the June open meeting to ensure that consideration for the coming season will be made. The Screening Committee will review new club applicants. Final voting on new club memberships will be completed at the August open meeting.

C. Probation:

All new clubs entering the LISFL shall be on a three-year probation period. During this time player and team conduct will be in excellent taste. All financial transactions shall be on a cash and carry basis.

6. Entrance Fee and Bond for New Clubs

A. New Club Entrance Fee:

The league entrance fee for new clubs shall be listed in Chapter X. This fee is in addition to all of the other membership fees described herein.

B. New Club Bond:

New clubs entering this league shall post an additional bond equal to the entrance fee for the purpose of establishing good intent and good conduct. This bond will be held for a period of three years or until the club withdraws in good standing. Good standing will be determined by a majority vote at any General Meeting.

CHAPTER V - SPONSORSHIP

1. Club Sponsors

Clubs may be sponsored by anyone. However, the name of the club must include the town or community from which it originates. The Screening Committee shall review reference to ethnic association.

2. Jersey Emblem

The Screening Committee shall review size and location of advertisement and letters or emblems on player shirts.

3. Jersey Numbers

All teams registered in this league must wear numbers on their uniforms. The dimensions of the numbers shall be six to eight inches on the back of the shirt and three to four inches on the front of the shirt.

CHAPTER VI – PLAYER REGISTRATION

1. Player Registration Eligibility

- A.** Amateur as well as professional players may participate in games of this league provided they are duly registered.
- B.** To be eligible to play for a club in any scheduled league or cup game, each player must, at the time of such game, be duly and properly registered with that club, and must produce a valid player's pass. Clubs with teams in different divisions must have color coordinated passes.
- C.** Challenges to a player's eligibility should be filed at the earliest possible moment or at any time during the game. The Executive Board will investigate and act upon any team's willful use of ineligible players, even without protest from such team's opponents, and may rule games forfeit or otherwise reverse games played within the most recent season.
- D.** All registrations, releases and loans will be in accordance with the registration rules and procedures of the ENYSSA, which in general, prohibit registration with more than one affiliated club.

2. Player Registration Period

- A.** An amateur player registration remains in effect from September 1st of the current year through August 31st of the following year.
- B.** A professional player registration remains in effect until a properly executed release is obtained from the club.

3. Number of Players

- A.** Each team must, at season kickoff, have at least thirteen (13) registered players. During the season a player may not be released if such release would reduce the number of registered players below thirteen (13).
- B.** For all divisions a maximum of forty (40) players may be registered at a given time. For clubs with more than one team, each team shall comply with the above rules on an individual team basis.
- C.** Prior to the start of the season, a new team may take no more than one player from an existing team unless that team has disbanded; not fielding for the current season or the Club President has agreed to permit more than one player to transfer to that team.

4. Inter divisional Player Eligibility

A player registered with a club in an age-related division (e.g. Over 30, Over 40 or Over 50) may play for any divisional team of his club provided he is eligible by age for that team. If a club fields an additional team in the age-related division, the passes must be color coded. Passes for the Premier Division players will be color coded differently from passes for the First Division players. First Division players may play in Premier Division games, but not vice versa.

5. Player Releases

Amateur players requesting a release must be granted such release, subject to CH. VI. 6. "Players Not In Good Standing". Players changing their clubs during the current season must be released from their former club before they may re-register for their new club. Such players will be ineligible to play for a period of two games from the later of the date of their release or their removal from the roster. Releases are required from the former league and team if a player enters this league during the current season. During the season a team may add only one player to their roster from another existing LISFL team. The player's prior team may waive this provision. This provision shall not apply if the player's prior LISFL team has withdrawn from competition during the current season.

6. Players Not In Good Standing

A club may release a player who is not in good standing (but not suspended) and notify the Registrar in writing. When a player returns in good standing the club shall notify the Registrar immediately. The Registrar shall withhold this player's registration until cleared from his former club.

7. Suspended Players

Players who are suspended during the current season may not be dropped from the team's registration roster until the end of the season.

8. Player Registration

- A. All passes shall be returned to the league Registrar at the Annual Meeting.
- B. If a player's pass is lost, a new pass must be issued before the player is eligible to play. There shall be a charge for the lost pass as listed in Chapter X.

C. CUTOFF DATES:

- 1. Clubs may not transfer players from any divisional roster to any other divisional roster after the April 15th cutoff date.
- 2. To be eligible for the LISFL cup games, players must be legally registered and in compliance with the registration requirements stated in the tournament rules.
- 3. A player who was legally registered with another club during the current season cannot be signed with a new club after April 15th. (This is only for LISFL competition.)

9. Registration Materials for Opening Kickoff

Player registration will be issued to those clubs who have paid their annual membership fee.

10. U-23, Over- 30, Over-40 and Over-50 Proof of Age Requirements

A player who desires to play in an age-related division (e.g. Over-30, Over-40 or Over-50) must produce documentation to prove his birth date. Only an original document which contains a player's name, birthday and a picture, such as a valid passport or driving license will be accepted. Players and clubs who deliberately misstate the birth date will be suspended and/or fined (see Player Penalties in the Appendices). The team utilizing such players will lose all games during which the player was illegally registered.

CHAPTER VII – GAME REGULATIONS

1. Rules of Soccer

- A.** All games within this league shall be conducted under the rules recognized by this league, which are the FIFA rules. National Open, National Amateur, ENYSSA, and League Cup games shall take precedence over league games, when teams have agreed to enter such competition.
- B.** Prior to the playoffs (if any), all positions in a division shall be determined by a) most points b) best goal average c) best goal difference d) most goals scored e) head to head record in that order. When necessary, one or more playoff game(s), with deciding penalty kicks if required, will be played. Three (3) points are awarded for a win, one (1) point for a tie and zero (0) point for a loss.
- C.** In all split divisions, playoff matches will be arranged at the end of the season involving at least two teams from each conference. In single conference divisions, at the start of each season the LISFL Board will decide whether the division will have playoff matches. A report from the division supervisor regarding the wishes of the teams in the division will play a part in this decision, which will be discussed and voted on at the September board meeting. The LISFL board will decide the format of the playoffs based on division size and available time. Examples would be a 4-team format of 1 v 4 and 2 v 3 first round then final, and a 6-team format with a 3 v 6 and 4 v 5 preliminary round.
- D.** In the playoffs, the higher seeded team will be the home team and the referee fees and assistant referee fees will be split according to the protocols of the regular season. This rule applies to each round of the playoffs except the divisional final. The two finalists will play in the divisional final at a neutral field and at the LISFL's expense. If any playoff game ends in a tie, league cup rules (i.e. penalty kicks) will determine the winner. The team winning the final will be the Divisional Champion and the losing team will be the Runner-Up. There will be no awards for the teams finishing first and second in the regular season.
- E.** When determining promotion and relegation, the results of playoffs (if played) will supersede the standings at the end of the regular season. In split divisions, relegation will normally be one from each division.

2. Forfeits and Postponements

- A.** No scheduled game shall be postponed without the consent of the Scheduling Secretary.
- B.** Any Club failing or refusing to play a regularly scheduled game shall forfeit the three points. No club shall agree to postpone a game without the permission of the Scheduling Secretary.
- C.** Any team not appearing for three scheduled league games in one season will be considered to have announced its intention to withdraw from this league and will be treated as such.
- D.** Teams must have at least seven players on the field for a game to be official. Less than seven players constitute a forfeit.
- E.** Teams failing to appear for regularly scheduled games shall be fined for each offense as defined in Chapter X. If the reason for such non-appearance is due to participation in any other competition not endorsed by this league, or if the team failing to appear is the home team, this fine is doubled. Permission must be requested and granted by the league to play in non-league competition during the league season from September through the end of the regular season and Cup competitions.
- F.** Teams wishing to be excused from any scheduled league game must notify the Scheduling Secretary 30 days prior to the game. Permission may be granted no more than once per team per season and will depend on the validity of reason and how such request affects the league schedule. Teams failing to notify the Scheduling Secretary 30 days prior to the game must play the game or forfeit the points. (Forfeit with at least 15 days notification does not invoke a fine, excluding conditions of Chapter VII, Sub-Chapter 2.J.)
- G.** Should either team be unprepared to play at the time set by the league Scheduling Secretary, the referee shall allow a grace period of 15 minutes after scheduled kick-off time. The referee will so report to the league and the delinquent team will be fined as provided in Chapter X, and the game will be played. After a 30-minute grace period the game will be forfeited.
- H.** All game forfeits shall be scored 3-0.
- I.** If a club forfeits a Premier Division game then its First Division team will be considered to have also forfeited its game.
- J.** A team may request, and the Scheduling Secretary will automatically grant, a postponement of a game whenever three or more of its' players, eligible to play in such game, are unable to play due to their participation in any soccer game in which the players represent a higher level US body, such as the US National Team, State Select team or LISFL Select team.

K. For any forfeit in the last five (5) games in any season that affects promotion, relegation, or a trophy position, the offending team will be fined one hundred (\$100) dollars and three (3) points will be deducted the following year for each offense.

L. Any team falling 3 games behind in total league games played, compared to the team in the same division with the most league games played, shall, at the discretion of the Scheduling Secretary, make up those games by playing mid-week. Refusal by that team to play these make-up games shall result in forfeit, loss of points and fine. These games will be scheduled in accordance with Chapter VII, Sub-Chapter 7.F.

M. Unless the Scheduling Secretary has postponed a full listing of fixtures, within 7 days of any postponed game the two teams involved must agree on a date to play the game and notify the scheduling secretary of such agreement. The postponed game will be played no later than 21 days after the originally scheduled date, unless the Scheduling Secretary agrees otherwise for the good of the league. Should no such agreement be reached or an unsatisfactory date be proposed, then the game will be scheduled in accordance with Chapter VII. F.

3. Scoring Following Team Withdrawal from the League

In the event that a team, through disbandment or any other reason, withdraws from the league, and does not finish its' schedule of games, the following rules shall prevail:

A. If at least one half of the full schedule of games is played, not including forfeits, all scores shall stand. The points of the remaining games shall be credited to the opponents by a 3-0 score.

B. If less than half of the full schedule is played, not including forfeits, all points and scores for all games shall be canceled.

C. An interpretation of half schedule means that one-half of the total number of games on the schedule has been played, not including forfeits, (even though some teams may have been played twice).

4. Referee Procedures

A. The referee shall call all games according to the FIFA rules.

B. The referee shall forward to the league Scheduling Secretary the results of each game played, a list of the players participating and all particulars thereof, within three days of the game. Should there be any discrepancy in this report, the referee shall be called upon to clarify the same.

C. Should the referee issue a red card before, during or after the match then full details of the event will be included in the referee's report. Any player or coaches passes collected at the time should be returned to the designated coach at the field. Additionally, both teams must report to the league through the division supervisor by 9 pm on the day of the game that a red card was issued. Failure by teams to report red cards will result in a fine to be determined by the Arbitration Committee.

D. If the referee appointed to a game fails to appear for his engagement, the captains of the competing teams should agree on a referee for the game. In such event, both the referee so agreed upon and the home team shall forward full particulars to the league arbiter within three days of the game. In the event no agreement can be reached in selection of a referee, the following options will then be available:

1. Both teams will forfeit the points and not play the match. This option is only available when the result of the game will not knowingly change the promotion or relegation of another team.

2. Either team may request a rescheduling of the match by writing within three days of the match, to the Scheduling Secretary. If only one team makes the properly filed request, that team shall receive the three points with a 3-0 score.

E. If the referee fails to appear for his assigned game the home team must notify the Scheduling Secretary on the same day of said game. Clubs failing to do so shall be fined as listed in Chapter X. The Scheduling Secretary in turn shall forward the names of absentee referees to the referee associations for disciplinary action.

F. If the referee finds the grounds in unplayable condition, he shall be entitled to his traveling expenses to be paid by the home club, provided the game has not been officially called off. In case of forfeited games, the referee shall be paid the full fee.

G. The Scheduling Secretary shall keep track of referee reviews submitted by teams and will monitor referee performances in order to make unbiased recommendations to the ENYSSA Referee Assignor.

H. The scheduled home team (that is the team listed first on the schedule) shall be responsible for the referee fee, regardless of a field switch in accordance with CH. VII. 7. In the Premier Division, and other divisions where a three-man referee system is the standard, the assistant referee fees will be split with the away team. When a three-man system is employed by special request, the team making the request will be responsible for both assistant referee fees.

5. Game Procedures

A. Before the start of the game, each team will present the referee with one or more official LISFL line-up forms printed from the league web site not more than 72 hours prior to the game. Only players listed on such line up forms shall be permitted to play – handwritten additions are not permitted. The team coach and all players participating in the game shall sign the line-up forms. The unique shirt number of all players shall be listed on the line-up form. A duplicate copy of the line-up forms with signatures and shirt numbers shall also be given to the other team.

B. Prior to the game, all starting player's passes shall be in the hands of the referee and the players shall sign the line-up forms.

C. Substitutes and late arrivals after the start of the game must present their player passes to the referee upon substitution into the game, and the player must sign and list his shirt number on the line-up forms at any time deemed convenient by the referee (before the game, during the game, at half time or full time). In all cases legally registered players will be allowed to participate, subject to the maximum number of players allowed in that game (chapter 5. D.)

D. For all divisions, seven substitutes with unlimited re-substitution are permitted, except the Over-40 and the Over-50 divisions shall have no maximum. **NOTE:** These rules are only applicable to LISFL league & league cup games. In state or national cup games, their respective rules are applied:

6. Player and Team Conduct

A. Every club is responsible to the league for the conduct of its players, officials and spectators and is required to take all necessary precautions to prevent threatening of officials and players during or at conclusion of a game.

B. Any player who threatens an official shall be immediately subject to a four-game suspension.

C. A player who attacks a referee shall receive a punishment determined by the ENYSSA.

D. If within one season a club shall be involved in more than one case of referee assault, whether by its players or spectators, such club shall be suspended with all its teams for the balance of the seasonal year and for the ensuing seasonal year. In addition, the club's bonds shall be automatically forfeited, and the club shall be subject to such fines as may be assessed by the arbiter. Upon expiration of the club's suspension, the club may be reinstated in the league by a two-thirds vote at the Annual Meeting at the end of the full year of suspension.

E. Any team or club demonstrating poor conduct on or off the field may be subject to suspension by a majority vote of the general body. In extreme cases, the Executive Committee may postpone that team's games until such vote may be taken.

F. If during a game, three or more players become involved in a "free-for all", then the team whose player is the third player in will be punished according to the schedule of fines listed in Chapter X.

G. The Executive Committee may impose suspensions, fines and/or bonds on any club, team or individual bringing discredit to the LISFL through their actions and conduct on or off the field. Such penalties must be ratified by vote of the General membership body.

7. Fields

A. Field name and directions must be provided to the league at the Annual Meeting.

B. Any club changing the location of its playing field during the playing season must notify their immediately scheduled opponents and also the Scheduling Secretary. Thereafter, such changes shall be noted on subsequent schedules.

C. Field changes of more than three miles separation, or game time changes of more than one hour, may not be made to the Scheduling Secretary after 9:00P.M. on Wednesday evening prior to the game, unless both clubs agree. The away team will have the opportunity to specify a time and place, but if no agreement is possible, the Scheduling Secretary and/or Division Supervisor will decide the venue and date and time.

D. Club failing to obtain grounds for regularly scheduled games must play on the grounds of the opponent or a field selected by the Scheduling Secretary and shall assume responsibility as the home team. Home teams must inform the Scheduling Secretary the game time and field by the Friday one week before a Sunday game or the opponent shall be given the opportunity to provide the field. All arrangements must be made in full cooperation of the league Scheduling Secretary.

- E.** The home club shall report to the Scheduling Secretary at least three hours before the start of the game if weather conditions have made the field unplayable. Only the Scheduling Secretary shall have the right to call off the match.
- F.** Except as noted below, all games will be played on Sundays with scheduled starts 9:00 A.M. or later and with completion during normal daylight hours, unless the field has lights. The latest scheduled game start shall be 9:00 P.M. If the field separation between the away team's home field and the venue for the game is more than 50 miles, then for each 50 miles of separation, the earliest possible scheduled game time must be delayed an additional hour and the latest possible scheduled game time must be brought earlier one hour. Additionally, the Premier Division and First Division games must be played back to back. There are two exceptions to these rules:
1. When both teams and the Scheduling Secretary agree otherwise, or:
 2. When acting in the interests of the league, the Executive Committee may require two teams to play at a time and place of its choosing. This latter exception shall be enforced no more than 3 times per team per season and shall require that both teams be given at least 7 days advance notification.
- G.** If the weather is bad or threatening, clubs and the referee shall obtain information by telephone from the Scheduling Secretary to ascertain whether the game can be played.
- H.** The home club shall contact or e-mail the visiting club on or before the Wednesday evening prior to each game to confirm that the match is scheduled, reaffirm the time, place and directions, and to verify that the club uniform colors are sufficiently distinct. Where conflict of colors occurs, the home team will change colors.
- I.** Unless both teams and the Scheduling Secretary agree otherwise, no games will be scheduled on Memorial Day weekend.

8. All Star Representation

- A.** The Games Committee shall have supervision over all representative games. The Committee secretary shall give proper notice to all players selected by this league for such games. If a player cannot appear, a notice giving the reason for his inability to appear must be given without delay. Any player selected for a representative game shall be suspended for a period of at least two weeks if he fails to appear without a valid excuse and shall be barred from appearing in any other representative games until such time as he appeals to the Executive Committee of the league.
- B.** Any player representing a LISFL select team who sustains an injury in a select practice or game, will not have to pay any out of pocket expense for the deductible portion of the insurance. The League will pay the deductible and non-covered expenses for the injured player up to a maximum of \$1000.

9. National Cups

Any team reaching the semi-finals of any National Cup shall be awarded a monetary award from league funds, and for reaching the final an additional award will be given. - B.** The above structure shall be a guideline only. The Cup Committee shall determine the particular cup for which any team competes. Participation in the LISFL cup competitions is optional for LISFL teams.
- C.** In all single elimination competitions, such as the LISFL cups, the scheduled team pairings will be arranged such that no team will have more than a one-game advantage over any other team in the competition. The champion and runner up from the prior year's competition will be seeded such that they will not meet until the final game.

CHAPTER VIII - FINES/PROTESTS/CLAIMS & APPEALS

All protests which arise from an infringement of the playing rules are subject to a protest fee as listed in Chapter X. Protests, giving detailed reasons, and including such fee, shall be submitted in writing, by Wednesday midnight after the game, sent to the Chairman of the Arbitration Board, and a copy via certified mail or e-mail to the opponent. The protest will not be considered until the league has received the appropriate fee (if the protest is filed by e-mail, the protest fee may be submitted at the time of the hearing) and proof that the opponent was properly notified. Any grounds for a protest which arises before the start of a game shall immediately be submitted in writing to the referee and the opposing team before the commencement of the match. Such protests must be followed by the above outlined procedure or will be declared null and void.

2. Liabilities for Game Forfeits

Such expenses, fees, etc., are not to exceed the limit specified in Chapter X. Home clubs must send legitimate itemized bills with such claims to the league. Home clubs must pay the referee. The referee's fee will be automatically assessed against the visiting team by the league and returned to the home team.

4. Decisions and Appeals: Arbitration

All decisions of the Arbitration Board will be announced at the next General Meeting of the league. The teams involved will be notified in writing within three weeks of the game. The decisions rendered by the Arbitration Board will be binding, subject to the following appeals procedure. Any team may appeal a decision of the Arbitration Board by submitting a written appeal, to the President of the league, dated no later than 72 hours after the date of the written decision rendered at the Arbitration Board. Appeals for player suspensions of (4) games or less will not be considered. The appeal will not be considered until the league has received the appropriate fee and any assessed fines and bonds. Such appeal fee shall be listed in Chapter X. A copy must be simultaneously sent to the opponent involved via certified mail, fax or e-mail. The President shall present the appeal at the next Executive Committee meeting at which point deliberation and voting will take place. A representative for the club making the appeal must appear before the Executive Committee to explain the basis of the club's appeal and to respond to any questions from the Committee. The other club involved in the appeal has the option of attending the hearing and providing comments when requested. If the decision is with the accused, all fines, fees and penalties are dropped. If the decision is against the accused, the fines and penalties will remain as stated and the appeal fee will go to the league treasury.

The team, manager, coaches and spectators must have excellent conduct toward the referee, the opposing players, managers, coach and spectators.

General

A club's responsibility is to encourage amateur soccer. This is also the league's responsibility. Together this can be accomplished.

REGISTRATION

There are a number of forms which must be filled out and filed with the league each year.

- . LISFL Club Registration Form
- . Game Official Team Line-up Form filed electronically

When treated responsibly, this chore of form filing is quickly a memory. Otherwise, it becomes a nightmare for everyone. These forms are described in the following pages.

LISFL CLUB REGISTRATION FORM

The smooth operation of this league depends on this form being filled out completely and correctly. This is the source of the team and field directory information. The form can be obtained from the LISFL General Secretary and should be returned to him at the July monthly meeting.

PLAYER REGISTRATION

Clubs with one team must have at least 13 and no more than 40 registered players on its roster. Clubs with two teams must have at least 26 and no more than 80 registered players on its roster. The last day to register any player is August 31st. On that day all amateur players become free agents and can sign with the club of their choice. Registrations will be issued only to those clubs that have met all financial requirements (e.g., annual dues, monthly debts, fines, etc.) Players leaving a club, who are not in good standing with the club, can be reported to the LISFL. Such players will not be registered with a new club until all issues are settled. Players leaving a club, where the club is in bad standing with the league, will not be registered with a new club until the player's share of the club's responsibility is resolved. The LISFL office shall be in full control of all player registrations under the jurisdiction of the ENYSSA registration chairman. No team will be allowed to take more than one player from an existing team without the permission of the existing club.

PLAYER PASSES

Every player in every LISFL sponsored game (except as specifically noted) must be duly registered and must present to the referee a properly authorized player pass prior to the game. All player passes are the property of the LISFL. All player passes must be returned to the LISFL Registrar following their last regular season game. Clubs with lost passes or who fail to return the previous season's passes will be fined \$5.00 for each lost pass.

PLAYER RELEASE

AMATEUR

All amateur players are automatically released on August 31st. If a player changes his club within the current season, a release must be issued by the prior club (regardless of league involved). The player pass must be returned to the league office with the \$5 release fee. The player release must be authorized by one of two persons indicated on the ENYSSA team registration form. Only the LISFL Registrar can release players registered with the LISFL.

PROFESSIONAL (All professional transactions must go to the state registrar)

To release a professional player during the current season, a professional release is required. The cost of professional release forms is \$50.00. A copy of the stamped release must be sent to the LISFL Registrar in order to be dropped from the team roster. For all rules and regulations regarding professional player registration and release, see the USSF official rulebook.

GAME OFFICIAL TEAM LINE-UP FORM

Prior to the commencement of a game, each team must present to the referee a properly completed line-up form. The form contains the following information: Team name, Opponent name, Date, Pass Numbers, Jersey Numbers and Player's Names. Failure to correctly complete the form may result in fines according to the schedule of fines.

PROTESTS, FINES AND APPEALS

Protests

See Chapter VIII.1

Fines

All infringements and violations in playing rules, as recorded by the game referee, are forwarded to the Arbitration Chairman. The Arbitration Committee assesses fines and penalties to the clubs and players.

Appeals

See Chapter VIII.4

Arbitration Decision Guidelines

Teams whose spectators have entered the playing area will probably lose the Arbitration Board decision. See Chapter VIII.1. Teams leaving the playing area before a game is completed will probably lose the Arbitration Board decision. Clubs whose members threaten a game official will probably lose the Arbitration Board decision. Clubs whose members attack a game official will lose an Arbitration Board decision as well as being suspended. Clubs involved in a melee will probably lose an Arbitration Board decision.

The following fines are listed for reference only. These are guidelines for the Arbitration Committee, and are not stipulated by the constitution, as such, they may be modified as necessary without advance notice. All infringements and violations in playing rules, as recorded by the game referee, are forwarded to the Arbitration Chairman. The Arbitration Chairman assesses fines and penalties to the clubs and players. (In any arbitration decision, if new evidence can be presented concerning the decision, the information should be presented in writing, within 5 days of the notice, to the Arbitration Chairman and a rehearing requested.) The intent of fines is to penalize those people who have been irresponsible in meeting league standards. Ignorance of the standard may be used as an excuse in some instances, but never on a second offense. Teams who consistently ignore league efforts to establish procedures and standards will be fined into oblivion. The league can only help those teams who want to play soccer and who are willing to help themselves play soccer.

APPENDICES

The LISFL - A Brief History

The LISFL was born in 1948 and consisted of just four teams. This was a new sport for Long Island and growth was slow. By 1959, the league had grown to two ten-team divisions. The league became incorporated under the name, Soccer League of Long Island, Inc. During the early and mid-sixties, the officers of the league were instrumental in laying the groundwork for the present Junior Soccer League of LI. After several false starts, the seed took root and the growth of the LIJSL was constant and it soon became an independent entity. The Adult Soccer League continued to grow at a more modest rate during the seventies and to the present time. We now support four competitive divisions of men's open soccer, in addition to Men's Over 30, Over 40 Over 50 U-23 and Spring/Summer Divisions.

League Boundaries and Make-up

The Long Island Soccer Football League serves clubs on Long Island from the East River of Manhattan to Montauk Point. Consideration is given to creation of a division structure which minimizes travel. Clubs from all economic levels, ethnic groups, and industrial sector and LIJSL affiliates are members of the LISFL. The league cooperates with club sponsors by providing individualized plaques and league banners for the sponsor to advertise their involvement with the club. Junior club affiliation with a senior team is encouraged since the relationship is valuable to both. The Adult league benefits by the addition of any strong club. The junior club should expect the Adult level players to attend and assist in training sessions. Skilled players can teach and demonstrate skills about which many coaches can only talk. The primary requirement for membership in the LISFL is the exercise of good sportsmanship-**ALWAYS**. To apply for membership to the LISFL see the section on admission procedures in the appendix.

LISFL Structure

The administration of the LISFL is controlled by the Executive Committee, which is elected each year by the League Delegates and Life Members at the Annual Meeting in June. The general membership meets on the last Thursday of the designated month to conduct and coordinate the league business. The Executive Committee meets two weeks prior to the general meeting to prepare business to be conducted at the general meeting. The LISFL consists of clubs, each of which may sponsor one or more teams. A list of clubs and their representatives which are currently active are contained in an addendum. The teams of the LISFL are currently divided into eight divisions, the Premier Division being the highest. The 1st, 2nd and 3rd divisions are successively lower divisions in the open age category. The LISFL also has age restricted divisions of Over-30, Over-40 and Over-50.

At the end of each season the bottom two teams of the higher division exchange positions with the top two teams of the lower division. (This procedure could be modified as outlined in the Constitution- Chapter IV.2). The Over 40 and Over 50 divisions currently operate as a single division.

The Ryder/Vass U-23 Collegiate tournament is played only in the months of June and July.

Life Members

Induction to life membership is a two-step procedure, requiring 70% majority of the Executive Board and Active Life Members prior to the AGM, and a majority of 50% plus 1 vote by the General Membership at the AGM. The Life Members of the LISFL are entitled to vote at all General, Annual and Executive Committee meetings and through their experience will guide the actions of this league. Life members must have exemplary records with the LISFL and combinations of factors to be considered in their election will be:

Suggested Service

- Involvement in Soccer in general on Long Island 15 years
- Involvement with a member club of the LISFL 12 years
- Service on the Executive Board or Standing Committee 8 years

A resume detailing all relevant experience of any candidate for life membership may be required in writing prior to the Annual Meeting.
